Which?

Crerar

The head of a great trading organization which unites its trading with its politics—a political theorist—has lost control of the political movement he started and is being driven into impossible positions by class rule extremists. He is under the domination of Wood, the political boss of Alberta. He would give effect to Free Trade, thus destroying Canada's industrial and economic structure.

A Vote for Crerar is a Vote for Chaos

King

So evasive that nobody knows where he actually stands on the great issues of the day. Fits his policy to suit his audiences. Talks Free Trade to the West and Protection to the East. Specializes in high-sounding phraseology. His party is pledged to a large measure of Free Trade, but fails to suggest new methods of obtaining necessary National Revenues.

A Vote for King is a Plunge in the Dark

Meighen

Easily the outstanding figure in Canadian public life to-day, and the only real Leader in sight. Able, forceful, courageous, and upright in character. A statesman of demonstrated ability with broad National and Imperial vision and an unassailable record. Stands firm for the maintenance of a reasonable Protective Tariff, and aims to provide the maximum amount of profitable labour for all.

Union Church Anniversary a Success

On every hand there are expressions of satisfaction regarding the Anniversary at Union Church, last Sunday and Monday. The Sunday Services were well attended in spite of the snow-storm which prevailed in the morning. At that service the preacher Rev. A. Hainie B. A. of Bankview Presbyterian Church, Calgary, spoke on "Prayer" taking for his text "Men ought always to pray and not faint". He dealt with objections to prayer and spoke of its great value and importance. At night, "God's Care for the Individual" was his subject, on the text "Casting all your care upon Him for He careth for you". It was an impressive sermon. The Junior Choir did excellent service, as did also the Orchestra. The day was one of spiritual uplift that will long be remembered.

Monday night, the members of the Ladies' Aid were busily engaged in attending to the people who flocked into the Trea Building, for the supper. And a splendid supper it was, fully living up to the reputation of the past.

The church was packed to its utmost capacity for the Entertainment. Rev. A. Hainie was unable to remain over for this event and Mr. W. McIlroy took his place as chairman occupying that post, as in the past, in an acceptable manner.

The Orchestra opened the program with probably the finest number they have given in "The Priest's March" by Mendelssohn. Mr. Willis has done good work as director and associated with him were Messrs J. L. McKory, F. Goodsell, Rev. R. K. Sweeney, with Howard Halliday at the drums. A solo "Killarney" by Mrs. Crocker was well sung. Helen Willie in a natural manner and with a clear voice recited "Human Nature". Mr. A. C. McLees sang "My Ain Folk" in good style. A creditable recitation "The Well of Knowledge" by Laura Becker followed. A duet by Mr. and Mrs. Crocker "The Last Milestone" brought enthusiastic applause and for an encore "Anchored" was given. Mrs. Vandellinder was unable to be present owing to a severe cold and this was regretted. Mr. F. Goodsell gave a Cornet solo "Heart and Flowers" and this was a good number. Miss Freda Pullan, though suffering from a cold sang "The Little Danzoni" in a pleasing way. The piano duet by Mrs. R. T. Amery and her sister Miss A. Halliday received the

most rousing applause of the evening. The Sketch "The Absent Man" by four young men, was a credit to their conductor Mr. Nicholson. Robert Whitfield Jr. had a happy part as Thomas, a Servant which he took in a very apt manner. John Becker as Mr. Willis the absent-minded, Charles Purvis as Tom Freeman his college chum and Gordon Purvis as Mr. Fleecem the Lawyer, carried off their parts very well indeed. We wish there was space to say more. The Orchestra gave another stirring selection "Life Savers". Mrs. Amery as the accompanist of the evening rendered good service. The second part of the program was occupied by Capt. McColl of Carstairs, who gave an address brimming over with sparkling humor which put the audience into fits of laughter. And then again becoming more serious he made a strong appeal for the church and the better things for which it stands. Rev. R. K. Sweeney thanked all who had assisted in connection with the Supper and Entertainment. And the program closed with the National Anthem.

Altogether the Anniversary was a complete success. The Ladies wish to thank all who contributed to the Supper. Some dishes are left and the owners will please identify them by calling at Mrs. Jessiman's.

British Expert Says Conditions Gradually Returning To Normal

New York.—Reginald McKenna, former chancellor of the British exchequer, who has been making a three-weeks' study of the commercial and economic situation in America, declared in a statement "that the financial horizon seems clear, and thought it will probably be some considerable time before normal conditions are restored, I am inclined to say that the corner is turned."

"I would like to add, however," Mr. McKenna said, "that it is no time for speculation. Recovery is bound to be slow, working through a period of moderate fluctuation, though I hope, and expect, that the tendency will be an improving one."

"I find," Mr. McKenna continued, "that very considerable interest is taken in the question of international debts between governments. This is a subject on which I can only venture to speak from the British point of view. We are large creditors, and in relation to the United States, we are also debtors. As a debtor, I have nothing to say except that Britain pays her debts. On the other hand, speaking as a creditor, my opinion is that Britain would be selfishly wise having regard only to her industrial and economic position, to remit the obligations due to her."

"If I dared to tread on dangerous ground for a moment it would be to say that the influence of the United States is indispensable in the councils of the world. You are already tied to Europe and the Far East by the bonds of trade, and the responsibilities which arise from this relationship cannot be ignored without great loss to the world and an unfavorable reaction upon yourselves. In England, the calling of the conference by President Harding is most warmly welcomed, not merely for the sake of the results which it is hoped may be achieved, but it is the first time that great and powerful government has assumed the responsibility of bringing together the prime ministers of other nations to confer upon the means of securing lasting conditions of peace. Peace and industry are the prime needs of the world at the present time, and the world looks to the United States to lead the way."

Banks in Barrie Protected
Barrie, Ont.—Mayor Little and Chief King have completed arrangements to prevent any Barrie bank from being looted. In each branch an electric alarm has been fitted which not only will sound a gong on the premises but also is connected with the fire alarm, and a number of firemen have been sworn in as special constables for emergency service.

HEART WOULD BEAT LIKE A TRIP HAMMER

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst.

You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy normal condition as will

MILBURN'S

HEART AND NERVE PILLS

Mrs. Chadwick, Delhi, Ont., writes: "I had palpitation of the heart, and the least exercise, such as going upstairs or up a hill, my heart would beat like a trip hammer and at times I was dizzy-headed and had a sinking sensation as if my time were near."

A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 46th year I feel like a young girl, no dizziness or heart-thumping, and can walk miles without fatigue.

At time of sickness I weighed 120 lbs. now I weigh 160."

Price 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Many British Flags At U.S. Convention

Escorts Who Met Admiral Beatty Greeted With Cheers

Ottawa.—That British flags were being carried and cheered by delegates to the convention of the American Legion in Kansas City, was stated in a message received at Great War Veterans' Association headquarters here from N. B. Maxwell, Dominion president, and Rev. C. E. Jenkins, fraternal delegates representing Canadian ex-service men at the convention. Mr. Maxwell, in his message, declared the spirit of the gathering "would prove to be one more step towards a better understanding between the British and American people."

When the contingent of Britishers marched to meet Admiral Beatty, they were everywhere cheered and no untoward remarks were heard as they escorted the famous admiral through the streets.

"Admiral Beatty has made a splendid impression," Mr. Maxwell wired. "Enemies of Britain in the United States are dismayed at the unanimity of public opinion which he claims this British star as the foremost hero of sea warfare during the present century."

Information Wanted On Soviet Offer

Note Mentions Assuming of Imperial State Debts Only

London.—Great Britain, it was indicated in authoritative quarters, will reply to the recent note of M. Chicherin, foreign minister of Soviet Russia, offering conditionally to assume the debts of old Russia up to 1914, by the dispatch of a note pointing out the Soviet's offer mentions only the imperial state debts, which are but a part of the Russian total.

It was also set forth that the conference to establish peace desired by the Moscow Government would be possible only after an allied, or preferably an international, consensus of opinion was obtained regarding the policy that was to be pursued toward Russia's indebtedness.

Victim of Wreck Had Valuable Picture

Kamloops, B.C.—A painting purchased from a German prisoner overseas by Geo. Goodwin, one of the victims of the wreck in the Palisier tunnel disaster in October, proved on expert examination to be an old master, whose name was not given out, and was valued at \$50,000.

Goodwin was on his last trip as a railwayman, preparatory to taking the picture to Europe, when he was killed. He left a wife and two children.

Abandon Loan to China

U.S. Change Plans On Default Of Republic

New York.—Default by the Chinese republic of the \$5,500,000 loan made by the Continental and Commercial Trust and Savings Bank of Chicago, has resulted in the abandonment of a proposed loan to China for \$16,000,000, it was announced by a United States banker representing the Chinese consortium.

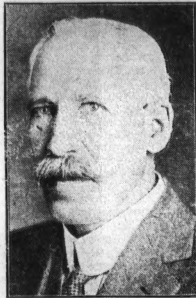

Oppose Withdrawal of Rhine Troops

Canadian Veteran Heir to Estate

Informed of Legacy While Working in U.S. Public Parks

Youngstown, Ohio.—While working in parks here as one of the city's unemployed, C. P. Virtus, 28, former Canadian soldier, received a letter from a trust company of Edmonton, Alta., informing him that he had been named to his father's estate valued at between \$40,000 and \$50,000.

The letter said it was leaving the property to Flak University, Nashville, Tenn., had been found, but as the will had not been witnessed, it is not regarded as valid under Canadian law.

Mother! Clean

Child's Bowels With California Fig Syrup

Even a sick child loves the "fruit" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup." They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

U.S. Becoming Alarmed Over Rapid Decrease Of Canadian Trade

Has Confidence In Disarmament Meet

First Lord of British Admiralty Not Looking For Failure

New York.—Confidence that much good would come out of the Washington conference on the limitation of armaments, was expressed by delegates from Great Britain, Italy and China, on their arrival here on the Olympic.

Lord Lee of Fareham, First Lord of the British Admiralty, in a formal statement said:

"So far as I am concerned, and here I speak not only as the responsible head of the British Admiralty but as one of the official delegates, I come in a spirit of quiet confidence that the results of this conference will be such as to amply justify President Harding's far-sighted initiative, and, personally, I am not prepared even to contemplate the possibility of failure. To do so would be to assume that the world was afflicted with an incurable insanity and could not be restrained from suicide."

Seek to Prevent Grain Blockade

Railway Companies Co-operate to Relieve Congestion at Lakes

Winnipeg.—A meeting was held between the representatives of the two railway companies and the members of the Northwest Grain Dealers' Association, when conditions at the lake front with respect to grain storage were discussed.

"As far as the Canadian Pacific Railway is concerned," said D. C. Coleman, vice-president of the company, "there is no congestion on the line, and if lake tonnage continues to offer in any volume at Port William, leading restrictions will not be necessary."

Australian Premier Confer
London.—A Reuter cable from Melbourne says that a conference has been held between Federal Premier W. M. Hughes and the Australian state premiers on questions of uniform railway wage throughout the Commonwealth, disposal of the wheat harvest, soldier settlement, finance and future arbitration in labor disputes.

Winter Work for Prince Rupert Dock
Prince Rupert.—J. E. Simmons, of the Simmons Construction Company, Winnipeg, has arrived here to commence the construction of the ocean dock superstructure. Work will continue throughout the winter months.

New York.—The trade of the United States with Canada "right now is waving a red flag," declared the New York Herald in an editorial discussing the fact that the value of United States' exports to Canada is decreasing much more rapidly than that of United States' imports from the Dominion. The Herald suggests in this connection the advisability of extending larger credits to Canada.

"Canadian values are not very far apart from our own," the paper says. "If, therefore, we lose two dollars of sales to Canada for every dollar of sales that Canada loses to us, we are moving decidedly in the wrong direction."

The paper declares that this is what the United States has been doing, quoting figures to show that for every dollar that Canada's exports to the United States have gone down in the last year, United States' exports to Canada have gone down two dollars and a quarter.

"And Canada, let us not forget, has become our second biggest and best customer in the world," continues the Herald. "With our Canadian exports of approximately a billion dollars a year, only the United Kingdom surpassed Canada in the volume and value of goods bought from us. The whole of South America with Mexico, Central America and the West Indies thrown in, did not equal Canada as a buyer in the markets of the United States. Now the relative swing is heavily against us."

Discussing the possible remedies, the Herald declares: "We have plastered loans all over other countries which never can be normal customers of ours while we have been sitting with credits to the one country destined naturally to be our very best customer."

Lady Laurier Dies After Brief Illness

Distinguished Canadian Woman Dies At Age of Eighty

Ottawa.—Ottawa is in mourning for Lady Laurier, the widow of the late Prime Minister of Canada, who died at her home in the city at the age of eighty. The death is being received from all parts of the world expressing regret at the death of the "venerable and noble-hearted widow of the former prime minister of Canada and great Liberal chieftain."

She is survived by two brothers, Godfrey LaFontaine, Montreal, and Charles LaFontaine, of Lisbon, Maine; a sister-in-law, Mrs. A. E. Broderick, Montreal, and several nephews and nieces.

Lady Laurier was in her eightieth year, and caught a chill while out walking recently. Sir Wilfrid died February 17, 1919.

Young Mrs. Beecroft Had Miserable Time Until She Took Lydia E. Pinkham's Vegetable Compound.

Hamilton, Ont.—"I have suffered for three years from a female trouble and consequent weakness, pain and irregularity which kept me in bed four or five days each month. I nearly went crazy with pains in my back, and for about a week at a time I could not do my work. I saw Lydia E. Pinkham's Vegetable Compound advertised in the Hamilton Spectator and I took it. Now I have no pain and am quite regular unless I overwork or stay in bed too long. I feel better morning until late at night. I keep house and do all my own work without any trouble. I have recommended the Compound to several friends."—Mrs. Emily Beecroft, 200 Victoria Ave. N., Hamilton.

For forty years women have been telling how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ill. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It is made from native roots and herbs and contains no narcotics or harmful drugs.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

Value Of Fall Rye As Dry District Crop Is Without Question

Owing to its adaptability to various uses, fall rye is coming rapidly into favor in many sections of the west. Although up until a comparatively few years ago this crop was largely grown only as a grain, its other uses have been partially responsible for its growing popularity. It is particularly useful in the drier sections of the west where wind damage is common, and everywhere that livestock is a considerable factor in farming operations. Owing to the fact that it has possession of the ground at the time wind damage is most likely to occur, it is extremely valuable as it is largely able to resist the destructive action of the wind even when so severe that other grain crops would be failures. Its ability to stand pasturing both in late fall and early spring are the reasons for its popularity with stock raisers.

The methods and dates of seeding vary greatly in the various sections of the country. The general practice is to sow at the rate of one and one-half bushels to the acre about the middle of August on ground where there has been worked as a summer fallow up to that date. The advantages claimed for this method are that the land receives a partial summer fallow and, as a result, the yield both of pasture and grain is high. Another advantage is that the crop is able to develop a good top before freeze-up, and the damage from winter-killing is practically nil. While a bushel and a half is the usual rate of seeding at this time, in the more humid sections, it may be increased slightly, especially if the intention is to pasture the crop heavily or cut it for hay. In the drier sections it would be desirable to decrease slightly the amount of seed shown. When seeding is delayed until after the 1st of September, it is very seldom that the crop develops a sufficiently large top to enable it to go through the winter without serious danger of damage from winter-killing.

Another method which is rapidly coming into favor is the mixing of winter rye seed with the oats in the spring and, in this way, enabling the land to produce two crops at the same time. As the winter rye does not shoot the first year, it is sown, but merely forms a green mat close to the surface of the ground, there is no danger of the oats containing winter rye when threshed, and the amount of feed made available in the stubble during the fall is almost unbelievable if not seen. The recommended rate of seeding under this method is a bushel of oats and three pecks of winter rye per acre. Some good farmers recommend sowing the oats separately first, and, when they are about three inches high, cross-drilling with winter rye. Slightly more seed is used when this is done.

The value of fall rye as a crop for the dry districts and where wind damage is common and also as a pasture and hay crop is unquestioned, and fall rye is destined to increase in popularity as its good qualities become more widely known.—By N. D. Mackenzie.

Astor Estate to Sell Office.

What is probably the most nicely appointed house in London, England, is shortly coming into the market, and it will be interesting to see who has the pick—and the cash to buy it. It is the Astor estate office, the building with the weathercock representing a ship in full sail, which stands in the embankment gardens by the steps leading into Essex Street. It is a palace of rare marbles, rich mahogany and priceless panelings, and it cost about two and a half million dollars.

Area of British Columbia.

British Columbia has an area of 365,865 square miles which is only about seven thousand square miles less than the area of all Egypt, with the frontier districts and the Libyan and Arabian deserts. Without the latter desert areas, Egypt has an area of only 28,181 square miles which is only 1,758 square miles greater than the area of Nova Scotia.

Cycling Across the Channel

Englishman—Made Trip to Catala in Heavy Seas.

Of late, swimming the channel or crossing it on a watercycle has become a favorite stunt with Englishmen. The latter feat these days was undertaken by one Harold Rigby. His machine was fitted on two large floats, with a propeller in front, driven from the rear wheel. He left Folkestone about 5 o'clock in the morning, accompanied by a motor boat, and soon encountered choppy seas and strong wind and, when in mid-channel, heavy rainstorms. For three hours after getting half way across Rigby suffered from seasickness, and so rough was the sea that no food could be given to him. At times he was almost washed from the saddle, but he persisted, and rode into Catala harbor at 5 p.m. He had hoped to ride to France and return to Folkestone within 15 hours, but the sea off the French coast made that impossible.

Record Run For Sawmill.

The Carlisle Pennell Lumber Company has its headquarters at Onalaska, Wash. Recently they made a record run in which more than 300,000 board-feet of lumber was cut on a straight-cut saw in one eight-hour day. In these mills there are 320 electric motors with a capacity of 3,500 horsepower.

Alberta Hail Losses

Last Season Largest in History Of Province

The amount of hail during the past summer has proved the largest in the history of Alberta, according to figures now furnished by the hail insurance board of the province.

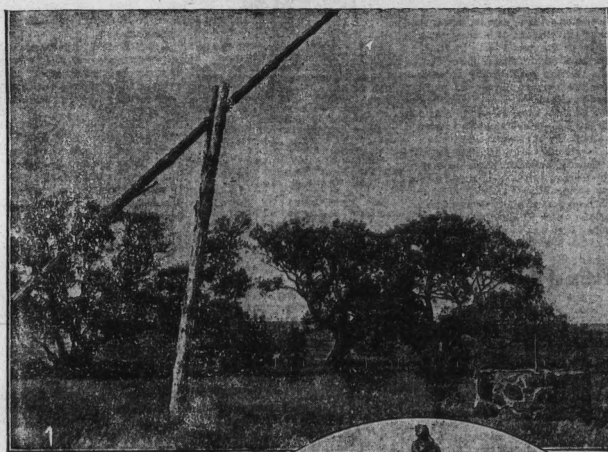

Approximately the damage represents 11 per cent. of the total crop, or almost double what it has been in any year since 1913. The damage since the latter year is as follows: 1913, six per cent.; 1914, four per cent.; 1915, six per cent.; 1916, seven per cent.; 1917, 5.8 per cent.; 1918, 3.8 per cent.; 1920, four per cent.; and 1921, 11 per cent. These years give an average loss of 5.55 per cent.

The Thief Paid

Chickens Cost Man More Than He Bargained For.

An Arkansas City woman made \$85 on the sale of six chickens. A man called at her home selected them and said he would call for them the next day. He called but in the darkness of the night. The next day the woman missed the chickens, but where the coop had been she found a pocket-book containing \$55. In it was the name and address of the man who had originally selected the chickens on the pretence that he wished to buy them.—Wichita Eagle.

MAKING HISTORY AT GRAND PRÉ

(1) Evangeline well and the willows, Grand Pré, N. S.
(2) Around the statue of Evangeline at Grand Pré.

At Grand Pré, Nova Scotia, the other day, three hundred members of the Acadian National Congress assembled, and kneeling reverently at the statue of Evangeline, the heroine of Longfellow's immortal poem, accepted on behalf of the Acadian race a gift of two acres of the Evangeline Memorial Park from the Dominion Atlantic Railway.

There are in all about fourteen acres in Evangeline Park, and the two acres were presented to the Acadian race on the condition that they would build a church there.

George E. Graham, general manager of the Dominion Atlantic Railway, expressed his pleasure at welcoming the delegates. With regard to the proposed church, the D. A. R. would still further beautify the grounds and would give it perfect setting. The company would open the old post road that had been closed for fifty or sixty years. He asked them to cast their minds forward the next five years when this chapel would be erected, a beautiful sanctuary in the midst of a beautiful country.

Mr. F. J. Venot, minister of highways for New Brunswick, subscribed \$100 for the erection of the new church and George E. Graham \$100, and the Rev. Father Cornier addressed the people, saying that the church would be erected on the site

of the old church of St. Charles. It would be a facsimile of the church of their ancestors.

Hon. D. V. Landry, Moncton, president of the Acadian Congress, formally took possession of the plot and returned thanks to the Dominion Atlantic Railway for the gift.

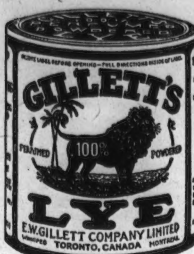

Men and women knelt reverently on the ground, the tears streaming down their faces, murmuring blessings on the day that had restored to them the land of their ancestors. They plucked flowers and leaves and dipped their fingers into the water, all of which

were more sacred in their eyes than words could tell.

The pilgrimage to Grand Pré took up their all the characteristics of a pilgrimage to Holy Land. In the past, said Mr. Landry, the Acadians had been reproached as an inferior people. That reproach was now eliminated. The ambition of the Acadians now was to unite in work that would make not only for the returning of progress but for the advancement of all Canada. These sentiments were the sentiments of the whole race.

Both Working for Humanity.

The story is told of a doctor in England at the time of the great railroad strike who, when called upon to attend the child of one of the striking engineers, declined to go, saying he was "hitting 'em a strike'." The engineer protested that such a thing was impossible. "The doctor's work was for 'humanity,'" "No more than is yours," was the reply. Of course, the doctor went. But he had first taught his lesson.—From the New York Times.

Manitoba Beekeepers

May Organize

Will Work for More Efficient Marketing of Honey.

A movement is on foot to organize the beekeepers of Manitoba for more efficient marketing of honey and purchase of supplies. More than 700 beekeepers already have been listed, and it is estimated that there are as many more unlisted in various parts of the province. At Beausejour, Ladywood and Brokenhead, beekeeping is one of the main industries of the settlements. These colonies produced more than 25 tons of honey this year.

Airplane Hit Mountain

Small Horsepower Engine Unable to Clear Peak

Two passengers and the pilot of an airplane of a commercial company maintaining an air line between Mexico City and Tampico were injured near Pachuca when the plane fell on the mountain side near a mining camp. The machine was completely wrecked. The accident is ascribed by the passengers to the inability of the plane, with its engine of small horsepower, to clear the mountain peak which appeared suddenly out of the clouds on the flight from Tampico.

The Knicker Suit For Sports Wear

By Marie Belmont.

Perhaps one of the most practical creations for outdoor sports is the knicker suit. This model is cut from a brown mixture tweed which is enhanced with a narrow pin line of orange. The coat is elaborated with four large patch pockets that will be appreciated by those who wander afield. Leather buttons accentuate its sportsmanlike appearance, while the belt is slipped through a leather covered buckle. An orange felt hat trimmed with a band of brown ribbon gives a colorful touch to the costume. The brown wool stockings reveal touches of orange in their fancy tops.

Women of Canada

"I ask from all the people of Canada an earnest review of the real issue before Canada today. I ask from men and women a calm, thoughtful consideration of serious public questions; and, so far as I am concerned myself, I ask not favors but fairness."—ARTHUR MEIGHEN.

WOMEN OF CANADA, the coming General Election will be one of the most momentous in Canadian history, and Arthur Meighen asks YOU to give the issue fair, unbiased consideration.

Women and men alike are called upon to decide whether political, industrial and economic stability is to be replaced by class rule, political and industrial chaos and possible economic bankruptcy.

The facts are clear, and every Canadian woman will do her own thinking. She will not be misled by others. She will not blindly follow family political precedent, neither will she be carried away by the false theories or empty "isms" of theorists and extremists. Every woman will arrive at a personal decision by the application of practical common sense.

The great issue is the Tariff and here are briefly the facts.

The present Canadian Tariff, so far as it affects the necessities of life, is a very moderate one. It is simply a tariff maintained to keep Canadian factories in Canada, employing a steadily increasing volume of Canadian labor and developing Canadian resources.

Meighen stands firm for the continuance of a reasonable tariff. It is now even more imperative than in the past. All other important countries are retaining or increasing their tariffs in order that they may hold their home markets for their own people.

Under Cramer's Free Trade policy Canada would be swamped with foreign goods, principally from the United States. Canadian industry would be ruined, thousands of men and women would be out of work with all the hardships to themselves and their children that must result. The farmer's great home market would be seriously affected, taxes would be increased, and Canadian working men would have to go to the United States for employment.

While King's Tariff policy is wobbly it nevertheless tends toward the destruction of the Tariff and would bring with it practically the same results.

MEIGHEN'S POLICY EVERYBODY KNOWS. It is the only means whereby confidence may be maintained and employment given to all classes of the people.

The foregoing is a plain statement of logical conclusions arrived at from the facts. Think the matter over carefully "without favor but with fairness".

Make your own decision, stand by it unmoved and be sure to exercise your vote.

A Pleasant Shower

On Saturday afternoon last Nov. 12th, the home of Mr. and Mrs. A. A. Halliday was the scene of a very festive event, where Mesdames Halliday, "Amery and F. Ruddy, also Miss Alpha Halliday entertained in honor of Miss Ada Whitfield, whose marriage takes place shortly.

After the guests had congregated, the arrival of an express parcel was announced in stentorian tones from the hall, followed by Masters Halliday and Whitfield bearing a steamer trunk, who presented same to the bride-to-be. said trunk was literally roped and tied, very much be-labeled, and decorated in a suitable manner. Upon investigation it was crammed to its utmost limit with a miscellaneous shower of articles ranging from silver, cut glass, china, linen, pyrex, etc. etc., to kitchen utensils, each article accompanied by a verse. These poetic efforts were read aloud amid merriment and laughter. The world at large little reckons how much literary talent lies buried in our peaceful little town. When the last parcel was untied, and Miss Whitfield had been rescued from the avalanche of ribbon, tissue and wrapping paper, and had also thanked the donors in a gracious manner, the hostess served most delicious refreshments. The ladies then dispersed each with a heartfelt wish for the future happiness, health and prosperity of the bride-elect. Miss Whitfield has been a resident of Crossfield for over seven years, and has been unmistakably popular during that time. In her capacity as Post-office assistant her courtesy and kindness to the public have been unflinching.

The ladies present at the shower were as follows: Mrs. R. K. Swenerton, Mrs. W. McTory, Mrs. S. Willis, Mrs. D. Ontkes, Mrs. A. C. McLees, Mrs. R. Whitfield Sen'r, Mrs. R. Whitfield Jun'r and Mrs. J. Basket Social 'at Elba

Last Friday night was much enjoyed by all present, Mr. Huser presided and announced the different numbers on the program. The school children opened with "O Canada," and it seemed to have an added meaning on Armistice Day. A recitation "The ruling passion" by Pearl Berry, Mr. Scholesfield sang "There's a Long, Long Trail," and called on the audience to sing the chorus, which they did with a will. Little Earl, Brown recited "Little Tommy's first smoke." Much credit is due to Miss Budgeon for training the school children. They gave two dialogues "Surplus Energy" and "It's easy to cook," which included Vivian, Melvin, Myrtle and Earl Brown, Mandabelle and George Jones and Harry Orum. Mr. Huser called for the singing of "Tipperary" and "Keep the Home Fires Burning," which revived memories of the war, Vivian Brown recited "The Schoolmaster's Guest." A solo by Mr. Honeysett, "Following in Father's footsteps," a recitation by Ethel English, "School Girl's Trial," some entertaining remarks by Mr. M. McCool, a solo by Rev. R. K. Swenerton, "Dear Old Pal of Mine," made up the rest of the program. The auction sale of the baskets was conducted by Mr. Huser with Mr. Perfect as clerk, until towards the close when they exchanged places. The sum of \$57.00 was realized for the church. After supper a fine set of slides of "Canada" was shown by R. K. Swenerton. Grateful thanks are expressed to all who assisted.
